

GLP-1 Meal Plan & 28-Day High-Protein Guide

Nutritional Support for Ozempic, Wegovy, Mounjaro & Zepbound Users

IMPORTANT DISCLAIMER

This meal plan is for **nutritional support purposes only**. It is NOT medical advice. Always consult your healthcare provider before starting any new diet, especially while on GLP-1 medications.

How to Use This Plan

1. Each day has **4 meals**: Breakfast, Lunch, Dinner, Snack
2. Aim for **100-120g protein per day** to prevent muscle loss
3. Drink **2-3 liters of water daily** — GLP-1s increase dehydration risk
4. Adjust portion sizes based on appetite — it is okay to eat less
5. Use **Low-Appetite Day Swaps** when you cannot eat a full meal
6. Track side effects in the companion **Symptom Tracker Spreadsheet**
